## TARA IT *Technology Talent Transformation Program*

The purpose of TARA-IT is to create an opportunity for young women in Tamil Nadu to hold space for themselves towards achieving their IT skills. We provide technology training/internship support to ensure the long-term successful growth of the local business community and IT job seekers.

## Who We Are

JSDC/TARA-IT is an India/US job skill technology education platform founded with the mission to uplift, upskill, and drive women forward through the early phases of their post-college to professional IT career journeys.

Meet Sowjanya  
Dharmasankar

TIPP & TARA-IT  
*"Transforming talent  
with technology"*

Meet Kathy Westman  
Founder  
TIPP & TARA-IT  
*"We are all about YOU"*

## TARA IT Unique

TARA-IT offers an international experience through project-based learning, focusing on leadership skills and business acumen. Admission is selective, with applicants from local colleges undergoing an interview process. Selected interns work with front-end and backend technologies on client-facing projects.

## TARA IT Impact

The first and second batch have built and published extraordinary websites for small and medium businesses and businesses have seen an uptick in their customer traffic.

## TARA IT Next Steps

Building "Zen- Clean" websites, Apps and tech solutions for Nellai businesses.
